Specimen Bricks from the Temple of Peace Reared to the memory of George B. McClellan at Chicago.

When the Nation is engaged in the greatest civil war the world ever saw, involving the sacrifice of hundreds of thousands of lives and the expenditure of billions of money, one might naturally think that it would be impossible for a party which claims to comprise nearly or quite one half of the voting population of the country, to hold a national convention, nominate a candidate for the Presidency and frame a political creed, without denouncing said rebellion, either in their resolutions or in their speeches. Indeed, when every newspaper and every telegraph wire throughout the length and breadth of the land, is burdened with news relating in some manner to the war, and when the thoughts of every man, woman and child are deeply engrossed with it, when every pulpit is vocal with patriotism and every prayer that ascends to heaven carries with it a petition for our national safety, surely at such a time we had reason to expect a great and powerful party, claiming to have the ability to reinstate itself in power, could not meet in solemn convention and not denounce the rebels in arms that are clutching at the nation's throat. But they did so meet, and in all the set speeches made during the sitting of the Convention, their denunciations were of quite a different character. We present some specimen bricks below in order that our readers may see of what manner of men they are of. Out of their own mouths they must be condemned. We quote:

"Let us hurl that usurper from power. Never till that day comes when the usurper and his victim meet at the judgment seat can he be punished for his wrongs, for his conspiracy against American liberty." — *Baker, of Michigan.*

"We will have a free press and free speech. Are you willing any longer to endure your hardships? [No.] Then come up and hurl Lincoln from power. This black Abolition party has almost broken up this government. Will you endure it any longer?" — *Mr. Fuller.*

"What is this war for? The nigger.

It is for the nigger against the white man. I think we don't want our bosoms stuffed so much with damned niggers this warm weather.

I don't believe the negro is equal to the white man. Is it not high time this infernal war was stopped? If the South could be subjugated by this infernal war, the bayonets would be turned against the North. Come weal or woe we will be for the sovereignty of the States and individual rights." — *Mr. Sanderson of Pa.*

"I advise peace and harmony, but if in the struggle it reaches the point that the ballot-box is even touched with sacrificial hands, I say then and there, come what will, let the lives and honor of all be pledged to the biggest fight the world ever saw!" — *Bishop, of Michigan.*

"No more arbitrary arrests will be permitted with impunity. No more Vandals will be dragged from the bosoms of their families and spirited away to a foreign land or a dungeon, unless the attempt costs blood." — *Warren, of Rhode Island.*

"We talk of rebellion and revolution in the South. There is a worse rebellion in the North. The Southern people all have an affection for the old Constitutional Union; but here in the North there is a large party who call the Constitution a covenant with hell. That's what's the matter. The Democratic party must recognize in their nomination the doctrine of non-resistance, or it will not, and ought not to be successful. This campaign will be successful only if conducted upon the principles of the old Democratic party, and they were peaceful principles. These doctrines must be represented either in the candidate or the platform. Get the candidate if you can but the platform at all events." — *Chancery Bar.*

"The war is an unholy fight. Soon the net is to be drawn that will gather in its half million more to feed the insatiable thirst for blood of the Negro God. Let us demand a cessation of the sacrifice until the people shall pronounce their great and emphatic verdict for peace, and let the tyrant understand that the demand comes from earnest men and must be respected." — *McMaster.*

Let us demand a cessation of the sacrifice until the people shall pronounce their great and emphatic verdict for peace, and let the tyrant understand that the demand comes from earnest men and must be respected." — *McMaster.*

"I'll tell you about Jeff Davis. Abe Lincoln has a little difficulty with him, and I make a rule never to interfere with blackguards. There was never a crime perpetrated in the history of the world that has not its exact counterpart in the conduct of Mr. Lincoln. Abe Lincoln is a liar and purveyor, and has put terribly written all over his body, from the crown of his head to the sole of his feet." — *Henry Clay Dean.*

Judge Miller, of Ohio, said: "A bloody war has been waged to elevate the negro to an equality with the white man. There is no difference between a War Democrat and an Abolitionist. They are both links from the same sausage, made from the same dog."

"We will no longer support the Admini-

stration. We must regain our rights—peaceably if we can, *fairly* if we must." — *Speech of I. A. Slocum.*

After three years' petty despotism, I know a man before a free people, that the South are as gallant, chivalrous and noble a people as God ever created. I am sorry the South have taken the steps they have, but God knows they had just cause to act as they did act. He did not consider it a shame to make peace with a power who had kept them at bay for three years, &c. — *Rev. Render.*

The Hon. H. C. Clayhorne claimed Virginia as his native State, "the birthplace of the brave and noble Stonewall Jackson." He thought Mac was the man for the hour and time.

Capt. Kuntz, of Pittsburgh, "d—d Mr. Lincoln as a thief and leader of thieves." He said "Lincoln was now played out, the opposition to him was going to be bold and powerful; there must be no underhand work, and if Democrats catch any of Lincoln's satrapies among them, they must cut their d—d throats, that's all. I should like to see the noble George B. McClellan as President. (cheers) and that great Democrat, Horatio Seymour, should occupy the position of Secretary of State. In the Cabinet I would see the name of Voorhees and the brilliant galaxy of gentlemen statesmen who cluster round the Democratic banner."

W. W. O'Brien, of Peoria, spoke: "We must struggle for peace, liberty and our rights. Against us is fraud, violence and murder. The people tire of the tyrant's rule. We will have a free election or, a free fight; and we warn the e in power that their blood will pay for any infraction to our rights."

Such, good reader, was the spirit that actuated the men who nominated McClellan. God forbid that the destinies of the American people shall ever be committed to such desperate and profligate hands.

What the New York Herald said:

The New York Herald, the leading Democratic paper of the country, comes out on Saturday last, and denounces the Chicago platform, and states that the Peace Democrats intend to make forcible resistance to Mr. Lincoln—if he should be re-elected by a small majority. It says:

"We have not the slightest doubt that there is a mutual understanding between the Seymours, the Woods, Vallandigham and the rebels. This understanding is shown in the session platform adopted by the Chicago Convention, and in the nomination of Mr. Pendleton, of Ohio, who is a practical secessionist—for Vice President. We have now driven the rebels completely to the wall. Gen. Grant has the best of them at Richmond, and General Sherman has succeeded in capturing Atlanta. This is not the time, then, that any reasonable man would be talking about 'immediate cessation of hostilities.' We are in favor of an armistice, like that between Prussia and Denmark, where both sides hold their ground, and are ready to begin the conflict at any moment; but there is a vast deal of difference between such an armistice and the 'immediate cessation of hostilities' which the Chicago platform requires. Nothing can explain such a platform except the hypothesis that it was dictated by Jeff Davis to the Peace Democrats, and that these peace men foisted it upon the Chicago Convention as the price of their endorsement of General McClellan's nomination. For three years past the Herald has sustained and defended the hero of Antietam. We have done full justice to his generalship, his honesty and patriotism. But when McClellan takes his stand on a cowardly peace platform, we are at a loss how to follow him and defend him."

The late General McPherson—Interesting Correspondence.

Clyde, Ohio, August 3, 1864—To General Grant:

Dear Sir—I hope you will pardon me

for troubling you with the perusal of these few lines from the trembling hand of the aged grandmother of our beloved General Jas. A. McPherson, who fell in battle.

When it was announced at his funeral, from the public print, that when General Grant heard of his death, he went into his tent and wept like a child, my heart went out

to thank you for the interest you manifested in him while he was with you. I

have watched his progress from infancy up.

In childhood he was obedient and kind; in manhood interesting, noble and persevering, looking to the wants of others.

Since he has entered the war others can appreciate his worth better than I.

When it was announced to us by telegraph that our loved one had fallen, our hearts were almost rent asunder; but when we heard the commander-in-chief could weep with us too, we felt, sir, that you have been as a father to him, and this whole nation is mourning his early death.

"What is this war for? The nigger, for the nigger against the white man. I think we do not want our bosoms stained so much with damned niggers this warm weather.
